

MRS. MARY LOGAN PASSES AWAY IN KOREA

Lovely Character Succumbs in Far-Off Land Where She Worked For Her Master

A cablegram to Mr. Lewis N. Neale on Wednesday, conveyed to the family and friends of this community, the news of the death of Mrs. Mary Lee Logan, widow of Dr. J. V. Logan, in the Severance Hospital at Seoul, Korea, on Sunday, Dec. 7, 1919. The news was not wholly unexpected since a cable on Nov. 18th to her brother, Mr. Newland Jones, of Phoenix, Arizona, had told of her serious illness; and a letter to her sister, Mrs. B. Howard Neale, written from the Severance Hospital, had stated that she was among friends, was attended by English nurses and doctors and was having every attention and kindness that could be extended her.

It will not be known until later whether it was her wish to be buried in the beautiful cemetery of the Missionaries in Korea or that her body be returned to Richmond to sleep with her very own in the cemetery here.

Mrs. Logan was born Sept. 17, 1856 and was therefore in her 64th year. She was the younger daughter of the late Newland Jones and his wife, Mary J. Peyton, wealthy and prominent citizens of Madison county, in their day. On both sides she was descended from families who have contributed much to Madison county since pioneer days and who occupied prominent positions in both state and church in the colonial history of Virginia. She was gifted with beauty and charm, broad sympathies, generous impulses and noble ideals, all of which enabled her to carve out for herself an unusual life of beautiful service.

In early girlhood, she was married to Dr. J. P. Herndon and their home, one of the most beautiful at that time in Richmond, was noted for its hospitality and the many delightful guests who came and went. Dr. Herndon died in 1891 and after several years of widowhood, she was united in marriage to Dr. J. V. Logan, President of Central University of Kentucky. Thru all of the years her life was given in a most useful manner in visiting the sick, comforting the bereaved, helping the poor, and inspiring the young. Her special work seemed to be to furnish inspiration to the students at Central University and to help them in finding the careers for which they were fitted in life. To these young men, now in the midst of life's service, the news of her death will come with peculiar sadness.

After the death of Dr. Logan in 1908, Mrs. Logan determined to give the remainder of her life to the foreign mission work of her church, and in February, 1909, she sailed for Korea, to become a part of the Presbyterian Mission there. She established her own home, had her own trained servants, learned the language of the Koreans, and in the eleven years, has accomplished a great work for her Master, among the heathen women and children of Korea. Many friends from the United States have visited her in her home there, among them Miss Belle Bennett and Miss Belle Breck, formerly of Richmond. Mrs. Broadhead, of Versailles, now in Japan, was to have been her guest in the near future.

She is survived by one sister, Mrs. B. H. Neale, and one brother, Mr. Newland Jones, of Arizona. Her memory will ever be cherished by not only her family, but by a host of friends and relatives throughout the country. It has been given to but few to achieve so many of life's ideals.

"Her genius may be found in her living work; She has walked to join the chorus of the just."

CHICAGO GETS G. O. P. CONVENTION

(By Associated Press)
Washington, December 11.—The Republican National Committee has selected Chicago and Tuesday, June 8, to be the place and time for the national convention, at which the party's 1920 candidate for President will be nominated.

On the roll call Chicago mustered 44 votes to nine for St. Louis, whose boosters had made a stubborn fight for the honor. The choice of the convention date was unanimous.

The committee also authorized the establishment of two departments of party organization to deal respectively with policies and general party welfare.

CLOTHING PRICES HIGHER NEXT YEAR

(By Associated Press)
Chicago, Dec. 11.—Clothing prices will continue upward next spring, Charles E. Wry, secretary of the National Association of Retail Clothiers, announced today. He said suits priced at \$25 before the war, now selling for \$50, will bring \$60 or more in the spring. Demoralization of the clothing industry incident to the army uniforms, greatly increased labor costs and shortage of labor due to stoppage of wholesale immigration, are responsible, he said.

BEREA BEATS LOCAL BASKET BALL TEAM

The Epworth League basketball team from Berea came down Wednesday night and gave the E. K. Normal five a workout in preparation for the game which the Normal boys will play against Cumberland College at Williamsburg Friday night. Coach McCoy used 15 men in all, in an effort to sift them out and see just what his players are capable of doing. The Berea team, which was made up of experienced players, had no trouble in playing rings around the Normal novices, the final score being 36 to 3. Coach McCoy has some good material if he can just get it rounded into shape.

TROUBLE OVER A MERE MAN CAUSES SHOOTING

Trouble over one of their husbands caused an unpleasantness to arise between Mary Turner and Bessie Grubbs, two ladies of color. As a result of the matter, the Turner woman took a shot at Bessie with a pistol as she was on her way home to the White Hall section the other evening. The shot penetrated the seat of the buggy in which the victim was riding but did not other damage, and she quickly "whipped up" her steed and got away before any real damage could be done. The Grubbs woman was arrested on a warrant and will have a hearing before County Judge W. K. Rice in county court Friday.

CAN'T GET WORKERS OUT OF LOUISVILLE

Courier-Journal Refuses To Accept Advertising From Firm Building Our Sewers

The necessity for local working men rallying to the assistance of the contractors who are engaged upon the street and sewer work for Richmond has been made more apparent than ever. The Messrs. McLane Company has been advertising for help here, and endeavored to advertise in the Courier-Journal at Louisville, thinking possibly to obtain some badly needed workmen from the Falls City. A letter from the Courier-Journal Thursday, however, brought a declaration of the advertising on the ground that Louisville industries need men and the Courier-Journal does not feel that it should carry advertisements to take workmen out of the city when they are so badly needed at home. The letter from the paper shows a striking condition of affairs, that probably has not been properly understood before. It follows:

December 3, 1919.
John B. McLane & Company,
Richmond, Ky.,
Gentlemen:—

Answering your letter of December 6th. The labor situation in Louisville has been for the past several months very serious. Practically all of the leading mercantile and manufacturing concerns have been seriously handicapped by a shortage of labor.

In view of the fact that our local establishments are straining every effort to get help both out of town and in Louisville, it would hardly be consistent for us to run advertisements which would have a tendency to take help out of Louisville. Therefore under the circumstances we feel that we cannot run your advertisement, and are returning same to you. Regretting our inability to serve you in this instance, we are

Yours truly,

OFFICER'S BRUTALITY SWORN TO AT TRIAL

New York, Dec. 11.—Testimony that Capt. Karl W. Detzer had struck military prisoners in France in the face, and ordered his sergeants to "beat them up," in order to force "confessions," was given today by three witnesses when Detzer was placed on trial on Governor's Island. The offenses with which Captain Detzer is charged took place, it is said, while he was in charge of "criminal investigation" in the LeMans area. The defendant was in command of the Third Hundred and Eighth Military Police Company.

George W. Williams, of Cornington, Iowa, a discharged private asserted that, after he had been slapped by Detzer, the Captain ordered Sergeants U. S. Madden and Frank L. Hoyt, "to take it out in the yard and make him come clean." Williams declared that while Hoyt held his hand behind his back Madden beat him until, fearing he was to be "killed," he signed a statement which he believed was to the effect that he had stolen government property.

Private Thomas J. McAdams, now attached to the Fifth Guard Company, on Governor's Island testified that, after having been "picked up" on the street at a time when he was an attending patient at a base hospital, he had been beaten by Sergeant Hoyt. Detzer, he said, came into the room, asked him why he did not confess a certain crime so that he would not be beaten any more, and left after Hoyt said: "Get out of the room Captain, while I give him some more."

Baptists Plan Big Budget

The Baptist State Board of Missions has appropriated \$1,300,000, the largest budget in its history, and an additional \$110,000 from the oversubscription to the Baptist \$75,000,000 campaign was voted as a nucleus to the \$1,000,000 fund to be raised to erect new buildings for the Southern Baptist Theological Seminary.

SHERIFF READY TO SETTLE WITH STATE

Sheriff P. S. Whitlock is preparing to make a trip to Frankfort about Monday to make his annual tax settlement with the Auditor. He will pay over to the state something like \$94,000 as Madison county's taxes for this year. Altogether the Sheriff has collected about \$150,000 in taxes with many still delinquent. The county's part of the taxes have not yet been certified to the sheriff but the county gets a large share, too. The new tax laws have greatly increased the amount of money that Madison people pay into both the state and county treasuries.

BALLARD PICKS HIS SEAT IN THE HOUSE

Hon. Leonard Ballard, who will represent old Madison in the House in the coming session of the Kentucky legislature, attended the inauguration ceremonies at Frankfort Tuesday. While he was there, he went to the state library and selected his seat for the session. He got seat No. 23, in a good position, where he will be able to see all that is going on and have a part in all proceedings. Mr. Ballard met many prominent republicans from all over the state and was given a cordial welcome and congratulations by all. With a republican majority in the Lower House he will be in a splendid position to do a lot of good for his county and people, and he says that he intends to work hard and faithfully to that purpose.

MINERS WELL PLEASED WITH SETTLEMENT

Wilson's Plan Seems To Have Satisfied All Sides and Coal Troubles Seem Over

(By Associated Press)
Indianapolis, Dec. 11.—All sides of the coal controversy, just ended, were highly satisfied today with the agreement reached by the miners' general committee yesterday ending the strike. The miners are especially pleased with the idea of the appointment of a commission, composed of one miner, one operator and a third person, not affiliated with either, to investigate wages and coal prices and fix both at reasonable figures.

Another feature highly satisfactory to the miners is the provision for settlement by the commission of the internal questions peculiar to each district, which will go far toward eliminating the irritating differentials over wages.

Mine operators on their part promised to bend every energy toward resumption of normal operations.

Restrictions Still Hold

Washington, Dec. 11.—There are no indications today of any immediate relaxation of the restrictions on coal consumption, notwithstanding the settlement of the coal strike.

Wilson Thanks Lewis

Washington, Dec. 11.—President Wilson today telegraphed Acting President Lewis of the coal miners union, his appreciation of the "patriotic action" taken by the miners' representatives yesterday in ending the coal strike at Indianapolis yesterday. "Now we must all work together to see that a settlement just and fair to everyone is reached without delay," the message concluded.
